English 100, Intro to Rhet/Comp, must be completed with a C or better in order for this student to take English 101. GENS 097, Algebra Review, with a DP (Developmental Pass) is required for this student to take Math 100, Intermediate Algebra. The student must get a C or better in Math 100 before taking a required Math core course. This student placed into GENS 099, Strategies for College Reading, but at this time is not required to complete the course. When students place into 099, they do not have the reading skills needed to take the intense reading courses, i.e. PSY 201, SOC 121, PHIL 201, HIST 111, just to name a few. They are not ready to go directly into MATH 111(or 108) or ENG 101 or an intensive reading course. All the 090's courses help students to successfully transition into the level needed to take required courses.
