EXECUTIVE SUMMARY

This report is a six-month follow-up of the 1994 graduating class; responses were received from 70.1% of the graduates.

EMPLOYMENT RATES

- 94.2% of the respondents are actually in the job market. Of the remaining 5.8%, 8 persons are unemployed by choice. The remainder are pursuing additional degrees.
- 68.4% of the graduates have secured new positions as a result of their degree; 26.5% are employed in the same position that they held prior to graduation. 15 individuals did not indicate the status of their employment. The remaining 2.6% are unemployed.
- Among bachelor's degree recipients who are in the job market, , 83.9% are employed "in their field" (up from 83.1% in 1993). Among ALL graduates, 97% of those in the job market are employed in their field of study. (The decision was made to classify education majors who are employed as substitute teachers as graduates working "in the field".)
- 13.2% are underemployed (i.e. working in a field unrelated to their career goals.) This figure was 11.3% one year ago.
- 3.0% of the bachelor's degree recipients are unemployed and looking for work, compared to 5.6% in 1993. Among all graduates, the unemployment rate is 2.6%.

CONTINUED EDUCATION

- 10.9% of the bachelor's degree recipients who completed the questionnaire were attending or planned to attend graduate school within a year of graduation. This figure was 13.4% in 1993 and 11.6% in 1992. A detailed listing of graduate/professional school attendance appears on pp 29-31.
- 44% of the associate degree recipients are currently completing requirements for a baccalaureate degree.
- 6.6% of the bachelor's degree recipients are enrolled in additional undergraduate classes. This is less than the 7% recorded in 1993 but significantly higher than the 1.7% reported in 1991.

GEOGRAPHICAL LOCATION

- 87.2% of the graduates have accepted employment in the tri-state; 12.8% have relocated.

JOB SEARCH STRATEGIES

- 32% of all working graduates report that they are employed with the same firm that they were working for prior to graduation. 14% of that 32% received a promotion as a result of completing their degree.
- Of the remaining 68%, 27% secured positions through direct application to the employer; 23% through the University (including Career Services, a faculty member or as a result of an internship or co-op assignment); 17% through family or friends; 15% from a classified ad; and less than 2% through an employment agency. The remaining 14% did not provide this information.

SALARY STATISTICS

- The average starting salary for baccalaureate degree graduates securing a **NEW** position was \$21,860, an 8.6% increase over the average starting salary of \$20,121 in 1993. Average salaries increased 4% between 1992 and 1993 and only 1% between 1991 and 1992.
- Associate degree recipients averaged \$23,304, up 1.5% from last year's average of \$22,967.
- Salary information regarding Master's degree recipients may be found on pp v-vi.

CAREER SERVICES & PLACEMENT USAGE

- 48% of bachelor's degree recipients register with Career Services for graduate placement assistance. 26% request help with resumes or interviewing strategies, 27% have used the Career Resource Center, 19% have registered with the Job Locator (part-time job) Service and 18% have sought career or job counseling.
- 15% have participated in internships or cooperative education through the Career Services Office. Graduates from the School of Liberal Arts are most likely to take advantage of these opportunities; 34% of survey recipients from Liberal Arts indicate participation in an internship.
- 70% of the bachelor's degree recipients have utilized the Career Services Office at some time during their tenure at USI. Usage is highest among students from the School of Liberal Arts (82%), followed by the School of Business (77%), the School of Education and Human Services (72%) and the School of Science and Engineering Technology (66%).
- 33% of Master's degree candidates and 58% of associate degree recipients utilize Career Services programs.

THE CLASS OF 1994 / GENERAL STATISTICS

The Office of the Registrar reports the following salient findings regarding the Class of 1994. Awareness of these general features may enhance your understanding of other data contained in this report.
