Currently balance of \$8,021.61

It was approved by this Board in 2010 that going forward all Gifts will be split with 80% allocated to the ITA Scholarship and 20% allocated to support Association of Information Technology Professionals (AITP) Competition expense.

This past September letters went on the USI Foundation Mailing List. We are awaiting response.

Current ITA board of 22 members could reach our endowment goal if they gifted \$60 for 3 years

The Scholarship Committee is asking for your support of taking the card from your packet and filling out an amount to move forward our goals.
