B.S. Degree in Geology at USI -- Four-Year Plan

The USI Geology degree is designed to prepare students to become professional geologists, or to successfully pursue an advanced degree in geology. To graduate from USI, all students must complete the University Core Curriculum (Core 39), attain a minimum of 120 credit hours, and complete at least 39 credit hours of 300- to 400-level coursework. The geology degree requires 35 credit hours of core geology coursework (students must earn a C or better in these courses), 9 credit hours of 300- to 400-level geology electives, and 26 hours of supporting coursework in mathematics and science. To allow maximum flexibility and specialization (e.g., environmental geology, geochemistry, economic minerals, petroleum geology, etc.) advanced elective coursework at the 300- and 400-level is not specified. The following is an example of a four-year plan for a new freshman geology major prepared for College Algebra (MATH 111) and College Composition (ENG 101).

Fall I	Spring I	Summer I
CHEM 261 Gen Chem I 4	CHEM 262 Gen Chem II (WOK-SMI) 4	
ENG 101 Rhet & Comp I 3	ENG 201 Rhet & Comp II 3	
GEOL 161 Intro to Geology 3	GEOL 162 Hist Geology 4	
MATH 111 College Algebra 4	MATH 118 Pre-Calculus 5	
UNIV 101 First Year Experience 1		
-		
Total: 15 credits	Total: 16 credits	
Fall II	Spring II	Summer II
CMST 101 Public Speaking 3	ANTH 121 Int Arch (WOK-HI) 3	GEOL 390 Field Excursion 2
GEOL 261 Intermediate Geology 3	ENG 210 Tech Writing (WE1) 3	
*GEOL 301 Mineralogy 4	GEOL 302 Petrology 4	
KIN 192 Health & Wellness 1	GEOL 390 Field Excursion 1	
MATH 230 Calculus I 4	PSY 201 Psychology (SS) 3	
Total: 15 credits	Total: 14 credits	Total: 2 credits
Fall III	Spring III	Summer III
