Mission Statement

The Pott College Campus Community (PC³) at the University of Southern Indiana was established as		
experiences that foster the intellectual, academic, and personal growth of their residents. Residents are		
expected to respect and learn from one another, and to participate in activities and events organized by the		
program and the community. In order to achieve this goal, if selected, I agree to be an active and		
contributing member of the Pott College Campus Community PC3. I agree to uphold all policies, and I		
agree to do all that I can to make the most of this experience. If I am not an active and contributing		
member or uphold policies, I understand that I may be removed from the Pott College Campus		
Community PC ³ and may be required to move to a different location in the housing community as		
determined by Housing and Residence Life. The move to the new location may be as soon as a space can		
be identified. During periods of high occupancy this may take time. If a student is not a part of the Pott		
College Campus Community PC ³ and a space becomes available in a non Pott College Campus		
Community PC ³ area, the student will be required to move as directed by Housing and Residence Life.
