

## Welcome

### Mentoring Update

- Meeting with Chairs - Constant Questions
  - Chairs and faculty were there
  - Asked questions for a solid hour
- Last meeting was an ice cream social with questions with faculty, chairs, and dean last night (9/19)
- Next time we have student orgs.
  - I've sent out emails to them to see if people can come and talk about their organization and I am waiting to hear back from some.
  - Each organization will have a table
    - Speed dating - go to each organization for 10ish minutes
- We are wanting to see if the shield can come out and cover the program at some point so that we can spread the word.
- Might have a meeting for all mentors next week
  - Talk over dinner about concerns

### College Picnic - October 17th

- Super cool shirt that we're pretty excited about.
- We want 200 people, and the first 100 get shirts
  - If you have an organization, we need to have a guess on how many will be there.
- We may consider not getting Chick-fil-a every other meeting so we can have more money to get our name out there
  - Have more money to do more events like the picnic
  - More shirts

### Majors at Home Grant

- Submitted by Bower on behalf of the college
- Assist for money for publications
- Pay for a student worker or newsletter
- Award wall - student excellence awards
  - Wall that includes the name and group of whoever got the excellence awards
  - We would vote for who gets the award
