

From: Student Affairs Committee (SAC)

To: Faculty Senate

Re: Charge on student flyers

- The SAC discussed the issue reported in the charge. Student members of SAC reported that indeed Print Services (PS) ask for changes to flyers but the requested changes can be done in a fairly small amount of time and have never been a problem.
- Faculty members of SAC do not have experiences with PS.
- PS does have a policy that states: "Publications must comply with adopted University standards and editorial guidelines. Creative and Print Services and University Communications assures publications are in compliance with all established standards." This policy seems reasonable to SAC.
- SAC does not recommend a change in policy.
