- Are there any concerns you have this semester? Who should we invite to speak on that?
  - A friend had to move out of housing because of positive cases at home and is having trouble figuring out how to cancel housing (HRL)
  - People are disappointed that you can't meet with a group in the large study rooms at Rice Library and there don't seem to be any good places on campus to meet in groups (Library Services?)
    - Maybe go through special events to reserve classrooms
  - Less information and feedback is getting to SAB because students have very limited contact with each other

- QR codes around campus would help raise awareness about virtual Pott talks
