

Bingo Instructions

- Pay attention and listen carefully to everything that is said during the presentation.
- There are certain words that each presenter or host will say, that relates to the bingo card.
- Once you hear a word, make an X over the word. If you have 5 in a row, then you have a bingo. Make sure you look at the rows that go up and down, side to side, and diagonally to see if you have a bingo.
- Teachers will determine how many bingos a student can have on their sheet.
