

Athletics Practicum and Internship Description

The USI Department of Athletics will accept up to 10 practicum students and two interns. Interns will work throughout the Fall and Spring semesters in order to fulfill the 450 required hours.

Practicums and Interns will work both independently and together on marketing, ticketing and promotions for various sports, as well as daily/office projects as assigned for the athletic department as a whole.

Students interested in working with a specific sport (ie; team managers) can request that when applying. Once essential positions are filled, remaining hours may be used to work with an individual sport, pending approval from the Assistant Athletics Director. **Coaching staff will not be your point of contact when applying for Athletic Department practicum or internships.**

Athletic department practicums and interns will work directly with our graduate assistants, as well as with athletic department administrators, coaches and staff.

Practicums and Interns are expected to attend and assist with both on and off campus activities that include, but are not limited to:

- Home Volleyball games
- Home Basketball games
- Home Baseball games
- Home Softball games
- Athletics Hall of Fame
- All-Sports Banquet
- Varsity Club Steak Fry
- Varsity Club Golf Scramble

Students interested in a practicum or internship with the USI Department of Athletics should check home sport schedules at gousieagles.com for availability prior to applying.

Internship application deadline is July 1st. Athletic Department Graduate Assistants, Interns and Practicum Students report to Mandi Fulton, Assistant Director of Athletics. Submit applications in person or by email at mfulton@usi.edu. Feel free to call or text Mandi at 812-550-6244 with questions.
