Roommate Matching Questionnaire

Please respond to the following as truthfully as possible as these questions will be used to match you with a roommate. In order to successfully match, please answer as they relate to you, not what you are looking for in a roommate. You should not expect to have similar responses to all these questions. It is important for roommates to discuss their likes and dislikes as a means to better understand each other and to build a cooperative relationship.

Please note

As with the rest of the application, it is very important that the profile questions be completed by the student and not a parent or guardian.
