

New Experiences for Instructors of Dual Enrollment (NExIDE) Program

Courses are offered online.

The University of Southern Indiana offers a masters of science in education with a concentration in mathematics teaching. To meet the expectations for dual credit teachers, USI is excited to share information about the New Experiences for Instructors of Dual Enrollment (NExIDE) Program.

Spring 2022

MATH 605 Problem Solving in Mathematics
3 credit hours
Application Deadline: December 1, 2021

Summer 2022

MATH 638 Fundamental Models in Statistical Inference
3 credit hours
Application Deadline: April 1, 2022

Fall 2022

MATH 621 Technology for Teaching Mathematics
3 credit hours
Application Deadline: July 15, 2022

Participating teachers in the NExIDE program will (1) receive tuition and fee support toward completion of MSE degree or graduate credit in mathematics and (2) receive up to \$700 in travel support to attend a professional conference (e.g., NCTM or ICTM). NExIDE is available to individuals seeking degrees or additional coursework. Contact Rick Hudson at rhudson@usi.edu for more information.
