

Pair your major with USI's new Interdisciplinary Gerontology Minor

Make Your Minor Matter!

- ◆ Explore the diversity of elders
- ◆ Discover demographics of our aging population
- ◆ Understand how body systems change as we age
- ◆ Investigate evidence-based interventions to improve quality of life
- ◆ Connect with elders through experiential learning

***21% of the total population
will be 65 or older by the
year 2030.*** - 2018 U.S. Census

Steps to a GERO Minor:

- 3 credits **Introductory Course**
- 9 credits **Interdisciplinary Courses**
 - Sociology
 - Psychology
 - Biology
- 6 credits **Specialty & Elective Courses**
- 2 credits **Experiential Learning Course**
