PLUS Loans: What You Should Know

For purposes of the Federal Direct Parent PLUS Loan program, parent refers to the dependent student's natural mother or father, custodial stepparent, or adoptive parent.

MPN Information

Parent Borrower must complete the PLUS Loan master promissory note on-line at www.studentaid.gov.

Half-Time Enrollment Required

Students must be enrolled in at least 6 semester hours (half-time status) at the time of disbursement. In cases where students drop below half time before the loan is disbursed, an exception may be made but only for the first disbursement and only in cases where the student meets all other eligibility criteria.

Loan Limits

PLUS Loans will be certified by USI for the maximum amount for which the borrower is eligible or the amount requested, whichever is less. Annual loan limits are adjusted for enrollment status and unmet financial aid budget costs. Both parents may borrow individually but the total of the two loans may not exceed the annual loan limit.

Creditworthiness

Credit decisions are valid for 180 days. It is recommended credit checks be conducted no sooner than 90 days prior to the student's start date. Credit denied applicants who would like to attempt to resolve the denial or apply for the Federal Direct Parent PLUS Loan with a credit-worthy endorser (co-borrower) may do so at www.studentaid.gov. If any parent is credit approved or a creditworthy endorser is obtained, additional Unsubsidized Stafford Loan funds cannot be awarded.

Parent PLUS Loan Interest Rates

<i>Year</i>	<i>Rate</i>
7-01-22 to 6-30-23	7.54%

Under current law (August 2013), the maximum interest rate is 10.5 percent.

Repayment

Parent PLUS Loans begin repayment within 60 days of the loan's final disbursement. Typically, a loan for the academic year goes into repayment in February (during the student's second semester).

Your monthly payment amount on a Direct Parent PLUS Loan will vary depending on the repayment plan you choose and how much you borrowed. You can obtain estimated monthly payment amounts for different debt levels or for other repayment plans by visiting www.studentaid.gov.

There are several repayment plans that are designed to meet the different needs of individual borrowers. Generally, you'll have 10 to 25 years to repay your loan, depending on the repayment plan you choose. To learn more about repayment plans, go to studentaid.gov/repay-loans.

Deferment

For Direct PLUS Loans that are first disbursed on or after July 1, 2008, parent borrowers have the option of deferring their Direct PLUS Loan. For information regarding eligibility or to request a deferment, parents can visit www.studentaid.gov for more information.

Fees

The U.S. Department of Education charges a loan fee of 4.228% of the principal amount of each Direct PLUS Loan. This fee is deducted proportionately from each disbursement of your loan.

Borrow what you need, but only what you need. It never makes sense to run up more debt than necessary.
