

# *Lethality Assessment* **FOR FORENSIC NURSES** **WEBINAR**

The Indiana SANE Training Project is partnering with the Indiana Coalition Against Domestic Violence (ICADV) to facilitate this virtual training that will explore one of the evidence-based protocols that are available to nurses to utilize.

ICADV Homicide Reduction Strategies Coordinator Caryn Burton will introduce the Lethality Assessment Protocol (LAP) model and discuss when and how it is used, and how it can be implemented in your practice and facility.

2 CME hours have been approved for this virtual training session.
